
Blogger Plazza Update (TPBlogger pluggin update)

Posted by sikumbang - 2008/11/10 06:21

TPBlogger pluggin has been updated into version 1.0.1 (both of J 1.0.xx and J 1.5 version)

Changelog :

- Fixing sql query issue
- Fixing item id issue
- Fixing 'prev' and 'next' button calculation issue (J 1.5 version)
- Fixing 'Show Published' not displayed issue if 'section/cat only' parameter option chosen (J 1.5 version)

Simply re-download the blogger plazza package (or quickstart package) to get these updates
