## Sort article by publishing date

Posted by Hagit - 2010/02/25 13:50

---

hi

I use the minifrontpage module. and like it very much.

I want to display the last published articles, sorted by the "start publishing date" and not the "created date". I can't find the way to do that.

any help will be appreciated..

Hagit

Hello hagit,

You can try to edit modules/mod\_minifrontpage/helper.php

case 0:

```
$orderby = "a.created " . $order_type;  
break;
```

you need to change a.created become to a.publish\_up

Good Luck
