Hi guys...

Welcome to this TemplatePlazza.com sub-forum...

There you can post questions before buy our templates...

You can ask things like how to pay, how many templates and we will provide you the fastest and better reply possible...

If you have suggestions to this sub-forum please reply to this forum and leave your opinion...

Regards,

Hi Mohammed,

Simply click "Your Subscription" link at the usermenu module after logged in :)

Hi,

Is there any possibilities to add another Payment method yo Freelance Plazza script? I mean it would be great if there will be possibilies like in Virtuemart for choosing PayPal, manual bank transfer or your own php based payment gateway

Thanks!

Hi, just a quick question i like the estoreplazza template demo but whats up with the login fields and search fields? the user text fields are placed out of sync is this not something that should be sorted or is the downloadable product ok?

Thanks

=====
