
Sliding Tab jQuery

Posted by vision - 2008/03/28 17:06

Hello, I bought the estore plazza a couple of days ago and am completely stumped in how to edit the sliding tab jquery. I seen the main demo of the template and it shows several products in the scrolling box at the top that are clickable but the template I recieved is just gray. I hope I am making sense any help on how to edit it would be appriated. Thank you.

Hi Vision,

how about estoreplazza quickstart as models. Would you like to login and post in template support forum for further specific topic, that may help.

see http://www.templateplazza.com/component/option,com_fireboard/Itemid,80/func,view/id,15988/catid,12/
