
Update for all of Joomla 1.5 template package

Posted by Andy Sikumbang - 2008/03/16 13:25

- In order to make it more easier for us to manage the support, Extended menu module for Joomla 1.5 will no longer included on the Joomla 1.5 template packages.
It can be downloaded it now from the "Private Extensions" folder under our our Download section page.

Hello Guys,

We always try to updated and repair several problem from our templates.
Now we have a temporary Download section: Night Build/Temporary Updates

This folder contains the very new updates (Night Build Version) that will be soon removed into main download folder after passed all the quality test

until this time we have updated several templates

- . Comica Plazza J! 1.5 (25 May 2008)
 - . Comuna Plazza J! 1.5 (25 May 2008)
 - . Golfer Plazza J! 1.5 (25 May 2008)
 - . Directory Plazza J! 1.5 (25 May 2008)
 - . Video Plazza J! 1.5 (31 May 2008)
