
Installation of templates

Posted by Alia - 2008/07/10 20:05

Hi,

I am looking for someone to help me install a template on my website. I have tried so hard to figure out how to do it and I just can't figure out why it isn't working. I am willing to pay someone to teach me. PM me with your fee. THANK YOU!!!)

Hi alia, you can use our Custom service at :
<http://custom.templateplazza.com/>
Simply click the new inquiry button

Been there ... done that, if you can give me some specifics on what template you are installing and on what server, I'll be happy to help.

Let me know.

Eric
